“The Zamani Foundation continues to provide food to the hungry through the Fighting Hunger Today Initiative.”

In 2019, the initiative fed thousands of people throughout Afghanistan, different families and individuals. The Zamani Foundation works to provide dry food, meat, and food delivery to remote areas.

The Zamani Foundation provided hot meals to orphanages in Afghanistan to fight childhood hunger and malnutrition, which continue to be a major health concern in Afghanistan, as 41 percent of children suffer signs of undernutrition.

” Education breeds confidence.
Confidence breeds hope.
Hope breeds peace.
